

TEACHER'S GUIDE
Science as Inquiry
GLE# GRADE K & 1st

- Objectives:**
- ☐ Grade K- Match models of baby animals with their parents (LS-E-B3)
 - ☐ Grade 1- Describe how animals and their offspring are similar and how they are different (LS-E-B3)

Materials: Book: Any Moby Pincher Book
Cube: Medium size cube (box)
Pictures: Adult animals & insect pictures, and baby animal & insect pictures

Introduction: Moby has many animals and insect friends which will be introduced as the teacher reads the book.

- Procedure:**
1. Read any Moby Pincher Book- students may act out using props as story is read.
 2. Teacher will display the cube. Students place pictures of the adult animals, and insects on each flat side of the cube.
 3. Teacher will display the corresponding baby cards on a nearby table.

Closing: Teacher will read the Moby Pincher book and will then roll the cube. The students will name the adult animal or insect that turns face up on the top of the cube. Students will then find the corresponding baby from the baby cards on the nearby table.

Enrichment: Students will make a chart or individual books showing each adult with the corresponding baby.

Assessment: Teacher will observe the students charts or books and discuss why some babies look like the adult (ex. Turtles) and some do not (butterfly)
